Andromeda 4 ft—\$10—Lillies Double tiger now blooming season \$1.25		75c

OTHER STOCK

We carry a full line of other general Nursery stock—but not sufficient of some items to list them here again—Send 25c for our general 48 page catalogue including novelties—rare plants, etc.—this may be deducted from your first order of \$2 or over. Running short of catalogues and this only intended to check on the merely curious of free catalogue collectors. We do not pay postage on anything except seed pkts. Be sure to send sufficient postage when wishing stock sent that way, otherwise stock will be sent by express, your expense.

** Fellow Horticulturalist—lets **PLEASE** discourage the use of the term **Stuff**. The junk man usually refers to his stuff as **STUFF**—are we handling Nursery **stock** or just **STUFF**?
